<u>LEA Indirect Cost Rates</u> LEA indirect cost rate proposals have been distributed to each LEA. Verify expenditures listed to your LEA's FY 2012-13 audited data. If revisions are needed, please note the corrections. All four printouts must be returned back to the SCDE Office of Auditing Services. Please note that if your LEA has a component unit, the component unit expenditures were added to the LEA's totals. Also, verify the amount listed for depreciation expense to the accumulated depreciation and use allowance totals noted on the FY 2012-13 supportive information sheet. An information memo regarding calculation of the rates is on the SCDE website at http://ed.sc.gov/agency/as/documents/14-15 ICR-GENINFO.pdf.

Time and Effort Requirements

Employees whose salary are charged in whole or in part to a federal cost objective must complete either the monthly personnel activity report (PAR) or the semi-annual certification. Certifications are required for those whose salary is charged 100% to a federal cost objective. The PAR is required for any employee whose salary is charged less than 100% to a federal cost objective or to multiple federal cost objectives. These requirements are stated in the Office of Management Budget Circular A-87 "Cost Principles for State, Local and Indian Tribal Governments" Attachment B Section 8h. A link to the circular can be found at http://ed.sc.gov/agency/as/.

Time and Effort Requirements (continued)

An example of a PAR and certification are now located on our website at http://ed.sc.gov/agency/as/documents/FederalSamplePersonnelActivityReport.pdf and http://ed.sc.gov/agency/as/documents/FederalSampleSemi-AnnualCertification.pdf respectively.

Time and Effort Clarification for Food Service Employees

Food Service employees are exempt from the requirement to prepare personnel activity reports or certifications. However, if the food service employee also works on another federal cost objective, the employee must complete the required time and effort reporting.

Substitute System for PAR's

The USDE recently established guidance allowing an SEA to permit an LEA to use substitute documentation such as a teacher's course schedule as adequate documentation for the time and effort of an individual who works on multiple activities or cost objectives but does so on a predetermined schedule. An individual documenting time and effort under the substitute system would be permitted to certify time and effort on a semiannual basis, provided the LEA's substitute system meets requirements. In order to use the substitute system, the LEA must certify to the SEA that only eligible employees will participate in the substitute system and that the system used to document employee work schedules includes sufficient controls to ensure that the schedules are accurate. Additionally, the certification must include a full disclosure of any known deficiencies with the system or known challenges with implementing the substitute system. To review this guidance in full along with examples of acceptable substitute system, see

http://www2.ed.gov/policy/fund/guid/gposbul/time-and-effort-reporting.html.

Annual Audit Guide

Annual Audit Guide - The FY 2013-14 Annual Audit Guide has been posted to the SCDE website at http://ed.sc.gov/agency/as/ManualsHandbooksandGuidelines.cfm. The template for submission of the SCDE supplemental schedules is also located on the website under the 2013-2014 Audit Guide link. Please share this information with your independent auditors as it lists **new** audit submission requirements for FY 2013-14 audits.

Miscellaneous Revenue Codes and Subfunds
